

**AUPHA/ACHE Executives in Residence Panel**  
**FRIDAY, APRIL 3, 2020, 1:00 – 2:15PM**

**Description**

The competencies needed to lead today's healthcare organizations are continuously evolving. In recent years our understanding of the importance of the leaders being strong in the capacity for adaptability, innovation and change have taken their place alongside the traditional focus of graduate programs in healthcare management. Critically considered and thoughtful integration of executives/practitioners in residence, clinical adjunct faculty and lecturers are increasingly recognized as practical methods to bridge the worlds of academia and practice in ways that can help instill these competencies in students and inspire them towards transformative leadership.

Today's program brings together four experienced executives in residence with varied backgrounds to share experiences, best practices and respond to your questions. Through our discussion we seek to highlight ways to integrate clinical experience into the curriculum and start a community conversation on this important topic for the future of graduate healthcare management education.

**EXECUTIVES IN RESIDENCE PANEL**  
**FRIDAY, APRIL 3, 2020, 1:00 – 2:15PM**  
**INTRODUCTORY BIOS**

**MODERATOR Shannon Elswick** currently serves as Executive in Residence for the Department of Health Management & Informatics at the University of Central Florida. He teaches Issues and Trends in Healthcare and Leadership for Healthcare Executives at the graduate level. His healthcare career spanned over four decades, over half at the senior executive level. Shannon earned a MS in Healthcare Administration from Central Michigan University and a BS in Healthcare Services from Southern Illinois University.

**PANELIST Mark Herzog** is an accomplished healthcare CEO who has led a wide range of community healthcare organizations throughout his 35+ year career. He serves as Faculty for ACHE for their Cluster programs and is Adjunct Professor in Health Management and Policy and Executive in Residence for the University of Michigan Department of Health Management and Policy. Mark holds a master's degree in Health Services Administration from the University of Michigan and is an ACHE Fellow.

**PANELIST Diane Howard** is associate professor and director of student development in the Department of Health Systems Management at Rush University, Chicago. She has also been a hospital, association, and insurance executive. She holds a BA from Hampton Institute, MPH from the University of Pittsburgh, and a PhD from the University of Illinois at Chicago. She is an ACHE fellow, a member of AUPHA, and a National Association of Health Services Executives member.

**PANELIST Robert "Bob" Malte** is a Clinical Associate Professor in the Department of Health Services and practitioner-in-residence for the University of Washington's MHA program. He retired in 2018 as the CEO of EvergreenHealth in Kirkland Washington. His prior career experiences span serving as president and CEO of Exempla Lutheran Medical Center in Denver, and several other senior leadership positions. A Chicago native, Malte holds an MBA from the University of Chicago and his BA from Ripon College in Wisconsin.

**PANELIST: Ronald Wyatt, MD, MHA** joined MCIC Vermont in January 2020 as the Vice-President and Patient Safety Officer. Wyatt was formerly Chief Quality and Patient Safety Officer at Cook County Health in Chicago. He is a credentialed course instructor in the School of Health Professions at the University of Alabama Birmingham, teaching a graduate course in health policy with a focus on safety and quality. Dr. Wyatt is a graduate of the University of Alabama Birmingham School of Medicine and holds an executive master's in health administration degree from the University of Alabama Birmingham. He was a 2009-2010 Merck Fellow at IHI.
